

..... : The Cosby Show

<http://www.youtube.com/watch?v=OJy1q76YPZg>

1. Introduce the document and ask (and write) the WHOLE questions :

- What sort?
- Who?
- Where?
- When /what time?
- What (activity)?

Rudy doesn't want to be late. Why? Imagine the title of this worksheet then.  
Why does her mother say "cereal, bananas and milk, what?"

Now sum up what you know with a few sentences : introduce the document!

2. Let's go back to the first scene : what does the father or the mother want them to do? Match the names with the verbs and then make sentences using WANT/EXPECT/WOULD LIKE TO

- |           |   |
|-----------|---|
| • Rudy    | -wear the sleeves he has cut off                  |
| • Theo    | -have a pastry and a cappuccino with her          |
| • Denise  | -not worry about her first day                    |
| • Claire  | -change clothes and put on something without lace |
| • Vanessa | and more understated                              |
|           | -wake up and get up                               |
|           | -see him excited about learning                   |
|           | -be polite and say "please"                       |
|           | -get the children dressed                         |

3. Suppositions, feelings and expressing consequence : part II

a. After his first day of school, Theo sounds ..... Why?

Maybe/ Perhaps he..... *so / therefore/as a result/consequently*.....

He may have ..... / he might have....

What about Rudy? How does she look? Can you suppose why?

- b. Now listen to their answers, and think about the feelings of the other characters. Match the names, the adjectives and the reason. Then make sentences and express CAUSE ( because, since, as, for, that's why, because of )

Denise	Depressed = sad	She wants the boys to notice she is beautiful
The parents	Nervous=anxious	It's her first time at school without her braces on
Theo	Very happy=delighted / cheerful/ ecstatic	They have the worst teacher at school : Mrs Westlake in maths
Vanessa	Angry / frustrated	A boy called her names
Rudy		They get the house back
		She has been up since 5
